Joining Instructions

Please read the following instructions carefully and assure yourself of its understanding before you proceed to join the Institute for studies.

1. Introduction

The Tengeru Institute of Community Development (TICD) is a public Institution under the Ministry of Community Development Gender and Children. The Institute is situated on the slopes of Mt. Meru, 16 km from Arusha city centre, along the Arusha – Moshi – Dar es Salaam highway, 2.5 km off the road to the South. The climatic condition of the location of the Institute offers an ideal learning environment. With appreciably sufficient tree cover, typical of the North – Eastern highlands of Tanzania eco-system, and the fresh soothing breeze from Mt. Meru, the place is really one of the best learning environments found in the country. The famous Kilimanjaro Mountain, the highest peak of Africa is clearly visible from the Institute towering high in the sky, some 65 km to the east.

The area has extreme weather conditions at times extremely low temperatures (sometimes as low as 09 degrees C. at night), during the months of June – August following the March –May heavy rains, and hot, dusty seasons during the months of December-February, following the October mid-November showers. Thus all the necessary precautions should be taken to meet the vagaries of those extremities.

With a student body of approximately 2,600, coming from all parts of the country, the Institute is a cross-cultural interaction facility that allows students to learn “other cultures,” which is an essential facet to the skills development of community development workers.

The Institute has a fully operational dispensary to cater for minor health problems for the TICD Community. While more serious cases are referred to the District Hospital which is within a 2.5km reach. The attention of the fully equipped Regional Hospital is obtained in the heart of Arusha City, while the services of the referral hospital are available at the Kilimanjaro Christian Medical Centre (KCMC) in Moshi, some 65 km away.

There is an Institute Students Organization (TICD – SO), to which all students are automatic members by admission and registration. It is an independent student's organization, which runs its affairs without much interference from Institute Management. More information will be obtained from the office of the Organization (TICD-SO) itself.
